

Oregano / Marjoram — Quick Guide

Best Method

- Softwood or division

Root Time

- 2-4 weeks

Potting-On

- Pot when cuttings resist gentle tug or divisions perk up.

Propagation Tips

- Softwood cuttings root quickly in warm shelter.
- Division is simple — tease apart rooted clumps.
- Keep sheltered from frost after potting.

Label Format

- Example: “Oregano / Marjoram — Softwood or division — 12-Oct”
